Description

Discover Altoasis, an exclusive residential development of 87 three-bedroom townhouses, fully completed and ready to move into, located next to Azata Golf, in one of Estepona's most promising areas.

Inspired by Mediterranean architecture, Altoasis recreates the charm of a small Andalusian village, with white façades, tiled roofs, pedestrian streets, and beautifully landscaped communal gardens, creating a pleasant, peaceful setting full of character.

The homes stand out for their generous dimensions, excellent layouts, and bright, spacious interiors. Their large terraces allow residents to enjoy the Costa del Sol climate all year round, while some properties also offer attractive open views over the golf course and surrounding natural landscape.

Each property also features a private, enclosed, and independent garage, with direct access to the home and enough space for a car, motorcycle, and additional storage — a distinctive feature that provides greater comfort, privacy, and functionality.

Altoasis is fully completed and its homes are ready to move into, allowing buyers to see exactly what they are purchasing, visit the actual properties, and enjoy their new home without long waiting periods.
